

## TF-CBT CONSULTATION CASE PRESENTATION

1. What is your clinical question or what feedback would you like from the group during your case staffing?
  
2. How were assessment results explained to caregivers/child and how were they received?
  
3. In what ways are you involving the youth's caregiver(s) in TF-CBT? What challenges are you facing, if any, in engaging caregivers in treatment?
  
4. Share one approach that worked well for each of the PRACTICE components you have implemented so far:
  - Psychoeducation
  
  - Parenting Skills
  
  - Relaxation
  
  - Affect Regulation
  
  - Cognitive Coping
  
  - Trauma Narration & Cognitive Processing
  
  - In-Vivo Exposure to Trauma Reminders
  
  - Conjoint Caregiver-Child Session(s)
  
  - Enhancing Future Safety
  
5. How are you incorporating gradual exposure into each model component?
  
6. What adaptations did you make to any of the components to fit with the individual needs of the child/family?
