

Roy Van Tassell, M.S., LPC, is Director for Trauma and Evidence-based Interventions for Centene, and provided consultation/training in evidenced-based, trauma-informed practices in over 26 states. His diverse 38 year professional background has included services for children to seniors in residential, inpatient, outpatient, and partial hospital settings.

A member of the federally-funded National Child Traumatic Stress Network since 2003, Roy is a national trainer for **CE-CERT** (Components for Enhancing Clinician Experience and Reducing Trauma) for secondary trauma; one of currently 70 master trainer/consultants for **Trauma Focused-Cognitive Behavioral Therapy** (TF-CBT) an international best practice intervention for child trauma; and an approved Child Adult Relationship Enhancement (**CARE**) training facilitator.
